

IntelligentGolf Goes Live at The Wychwood

With immediate effect, members can now experience the **intelligentgolf** system. As a member you can use this interactive service from the comfort of your own home via the The Wychwood web site www.thewychwood.com or the existing score input Touch Screen in the clubhouse.

What are the benefits for the members?

- View the latest news items and access key contact information
- View competition results, individual score cards and competition analysis.
- Review all your scores and playing trends with hole by hole analysis.
- View up to date course restrictions and local weather conditions from the BBC

Over the next few weeks and months we will be adding information to the website and developing our use of the many benefits of IntelligentGolf for your benefit. In short we plan for this to be **THE** place to find out what is going on at **YOUR** club.

What do you need to do next?

To enter a competition or enter your score, just use the Player Input system on the Touch Screen. If in doubt, or you have difficulty, ask a member of staff to assist you.

What else changes?

From this point forward we will be using the online score entry facilities of IntelligentGolf and you will be required to enter your scores following any competition that you play in.

This is an easy and intuitive process instigated by swiping your member's card at the Touch Screen from which you will be presented with clear instructions and options. By touching (lightly) the screen you will be able to enter your hole by hole score including 'no score at hole' for those holes you would rather forget! Stableford and Nett score calculations are performed automatically.

To gain the full benefit of the member's area and to make your life so much easier, access the website by going to www.thewychwood.com and clicking on 'Login' on the main menu bar. **PLEASE SCROLL DOWN AND READ THE INSTRUCTIONS CAREFULLY.**

On your **first visit** you will need to **create your own personal security PIN**, just follow the instructions on the screen. Please note that your Membership (Login) number is the penultimate set of number embossed on your member's card as shown on the Login screen.

If your details do not match what we have on our membership database it will ask you to confirm your details to us and we will update as soon as possible.

Login:
PIN Number:
Remember my login name

To Login to the members area you will need to first create your own personal PIN number. To do this you will be asked to provide your Membership Number, Date of Birth and Postcode to protect the security of the site. Your PIN number has to be a minimum of 4 numbers and cannot be easy to guess like 9999 or 1234.

Once you have created your PIN number and checked/updated your email address, you will be able to use your email address as your Login if you would prefer. Please however note that if your email address is not unique, you will have to use your membership number as the website needs to uniquely identify you.

If you have any problems in creating your PIN number, please follow the on screen instructions and we will do our best to respond as soon as possible.

To set your PIN now, please [click here](#)

We appreciate that a new system, particularly when involving computers, is disturbing to a number of members. A sense of trepidation is understandable, however, we would like to reassure you that this system is very intuitive and there will be a member of staff on hand if you require assistance.

Please log on now and have a go, if you require any help let us know.

Regards

Sue Lakin
